Prof. Sarah Elton

Monday 20.05.2019 at 15:30
Seminar room, Department of Theoretical Biology

Sarah Elton is Professor of Evolutionary Anthropology at the University of Durham in the UK. Her main interests involve human and non-human primate (paleo)biology and (paleo)ecology, functional (eco)morphology, biogeography, and evolutionary medicine. She has carried out extensive research on Old World monkey skeletal morphology and Plio-Pleistocene hominin evolution. Sarah also serves on the editorial board of various anthropological journals.

This seminar is open for all female pre- and post-docs. Number of participants limited. First come, first served!
